

Edisto Day Bazaar on Edisto Beach, SC, Takes Place on May 4, 2013

The Whatsoever Circle of King's Daughters is sponsoring the *Annual Edisto Day Bazaar*, held at the Lions Club Building, 2907 Myrtle Street on Edisto Beach, SC, on May 4, 2013, from 10am-3pm.

Come enjoy an old time bazaar with over fifty guest arts and crafts vendors. Other booths include attic treasures, baked goods, books & media, boutique (ladies jewelry and accessories), plants, white elephant, and lunch at the KD Café. Win a handmade quilt and a variety of gifts donated by local merchants.

The event is sponsored by the Whatsoever Circle of King's Daughters, and proceeds benefit humanitarian projects and services for Edisto Beach and Island residents.

The King's Daughters Quilt this year is called "A Walk in the Garden" and was inspired by the anticipation of beautiful spring flowers. It was designed especially for the Edisto Day Bazaar by Lois Anderson, Margaret Arnett and Marsha Korpanty, who also are members of Island Quilters Quilt Guild of John's Island, SC. The Island Quilters create "charity quilts" for a variety of charities and organizations and have supported the King's Daughters efforts in the past.

Using the pattern created by the local quilters, and their own fabric, the Island Quilt members pieced over 140 floral blocks that were used in the quilt. At a guild meeting and at Marsha Korpanty's house, The Island Quilters pieced the

many blocks into a quilt top. They were assisted by Judy Blancett and Gerri Hutto. Both days were like an old fashioned "quilting bee" except using sewing machines!

The floral blocks are off-set with green and white sashing and borders. A dark green border and binding frames the quilt, which measures 100" x 117". The floral theme also was used for the backing which is green, with roses. The quilting was done by a Summerville, SC, long-arm quilter who gives "charity" quilters an excellent discount. The quilting is large roses. Unlike many quilts, it is reversible.

The quilt will be displayed at the King's Daughters Bazaar at the Lion's Club, on May 4th. The raffle donations are \$1.00 each or six for \$5.00.

ARTworks in Beaufort, SC, Features Exhibit of Modern Quilts

The Arts Council of Beaufort, Port Royal & Sea Islands in Beaufort, SC, will present an exhibit by members of the Beaufort Modern Quilt Guild, on view at ARTworks in Beaufort Town Center, from Apr. 2 - May 31, 2013.

The modern quilt is simple, uncomplicated and contemporary. The Beaufort Modern Quilt Guild has 24 members who strive to achieve and build on this aesthetic. They are having their first exhibition in the gallery at ARTworks.

"We'll have about 30 pieces that show how Modern quilters work," said Rhonda Jordan, who owns Tabby Fabric & Studio, where the Beaufort Guild meets. "We've invited the Charleston and Greenville Guilds too, so the public will see a fantastic range of new designs. Modern

quilters don't follow patterns so much. They embrace asymmetry and negative space, not just rigid prints and structures. Machine-sewn binding is fine. The show isn't a competition, but our way of displaying what quilting means here and now." Some quilts and related creations will be for sale.

ARTworks is the community arts center of Beaufort, the coolest arts council in the Carolinas, and applies the many creative tools of the arts to strengthen artists, and enrich audiences, collectors, and visitors through high quality arts experiences and arts education programs 365 days a year.

Open Call for Artists

This is a call for artists who work with INDIGO on fabric, paper or use the color indigo primarily in their art. Picture This Gallery will host an exhibit in August/September 2013 celebrating all things indigo.

Hilton Head Island has a rich history that revolves around the production of indigo. Eliza Pinckney was a woman of sixteen when she managed her fathers 10 plantations and pioneered large-scale cultivation of indigo in the Lowcountry of South Carolina and locally on Pinckney Island. We want to honor the history and elevate the artform that surrounds this globally sought after dye, "the color that seduced the world".
